# CLUBS?

Our Student Voice committee told us that students want to know more about the clubs that Rideau offers- and hopefully offer more, so that every student at school has a place to join. I have put down some of the clubs below that I know about- if there are others happening, I'd love to add them! Do you have an idea for a club? Approach a staff member to see if they would be willing to help out. If something interests you,

it probably interests someone else too!
