

## SIPSAW – School Improvement Plan for Student Achievement and Wellness – Wellness

**Goal:**

The overall goal (Wellness) for the Students of Rideau DHS in the 2019/2020 School Year is to continue to strive towards increasing student sense of belonging and decreasing stress and anxiety as measured by the Student Voice survey, bringing the school in line with Canadian Norms.

**Plan:**

Teachers will have students participate in smaller surveys to identify areas of need regarding student bullying, stress, anxiety and sense of belonging in order to develop an action plan to meet the needs of our overall goal.

The results of student survey will be shared with staff to begin the planning process.

Empower a group of students to participate in school spirit building activities.

Identify areas of need to improve student well-being, based on the survey results.

Identify actions that can be implemented to address the identified areas of need.
